

Walla Walla Police Foundation

President's Message

1 December 2020

I am both honored and elated to announce the establishment of the Walla Walla Police Foundation.

The Walla Walla Police Foundation will immediately begin creating partnerships to provide resources and programs that will assist the Walla Walla Police Department in performing at its highest level of service, benefitting the citizens and businesses of Walla Walla. I believe that investing in community and building relationships with those we serve is the most effective means of promoting public safety and prosperity within our community.

The most critical of our missions is to help those in need, which is why we have established a "Community Care Fund" to provide emergency financial assistance to community members in need. Community members in need could include victims of crimes such as domestic violence or human trafficking, or someone that just needs a hand-up, a hotel room for the night, or a tank of gas to get out of town to escape an abusive relationship. WWPD Officers in years past have routinely reached into their own pockets to help those in need. The Walla Walla Police Foundation with help from its Community Partners will provide officers discretionary funds to assist community members in need.

The Walla Walla Police Foundation is soliciting an initial round of donations for the Community Care Fund. Consider making a donation to the fund today in your name or the name of your business and become a Walla Walla Police Foundation "Community Partner". See more information at WallaWallaPoliceFoundation.org.

Thank you for your partnership to create a safer Walla Walla!

Respectfully,

Nat Small
President
Walla Walla Police Foundation
